PRESS RELEASE

Buffalo's Only Basic Biomedical Research Facility Celebrates One Year In New Home

For Release: May 12, 2006

Please join us for a photo of Buffalo's only basic biomedical research team – the Hauptman-Woodward Medical Research Institute – celebrating one year in its new home – the gateway to the Buffalo Niagara Medical Campus.

WHEN: Friday, May 12, 2006 at 12 p.m.

WHERE: Hauptman-Woodward Medical Research Institute
700 Ellicott Street, Buffalo, NY, 14203

WHAT: A celebration of the one year anniversary of HWI's new home

WHY: **A photo opportunity to capture visually a celebration of economic growth and success in downtown Buffalo.**

WHO: Buffalo's only Nobel Laureate Herbert A. Hauptman, HWI CEO George DeTitta and HWI's employees and board members.

Founded in 1956, HWI is an independent, non-profit facility specializing in the area of basic research known as structural biology. Our team of more than 70 staff members is committed to improving human health by studying the causes of diseases, as well as potential therapies, at their basic molecular level. We are located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, New York, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI's website at <http://www.hwi.buffalo.edu> or call 716-898-8600.
