Dr. Paul J. Davis Elected to Hauptman-Woodward's Foundation Board

Paul J. Davis, M.D. has been elected to the Foundation Board at the Hauptman-Woodward Medical Research Institute (HWI).

Davis is the Director of the Ordway Research Institute, Inc., a nonprofit research corporation affiliated with Wadsworth Center, New York State Department of Health and with Albany Medical College. He is currently Professor of Medicine and Senior Associate Dean for Clinical Research at Albany Medical College and previously served as Chair, Department of Medicine at that institution. Earlier he was a faculty member at Johns Hopkins and then led the Endocrinology Division, Department of Medicine at the School of Medicine, State University of New York at Buffalo.

He obtained the M.D. degree at Harvard Medical School, was a resident in Medicine at Albert Einstein College of Medicine and had his subspecialty training at the National Institutes of Health. He studies the molecular mechanisms of action of nonpeptide hormones, such as thyroid hormone and estrogen, on normal and cancer cells. He sits on national advisory bodies that serve the Department of Veterans Affairs, American Thyroid Association and American College of Physicians.

Davis has designed national fund-raising programs for the American Thyroid Association, for the Ordway Research Institute and for two academic institutions.

He and his wife reside in West Sand Lake, New York.

About HWI

With more than 50 years of exceptional crystallographic research, HWI is an independent, non-profit facility specializing in the fundamental biomedical research known as structural biology. Hauptman-Woodward's team of more than 70 staff members is committed to improving health by studying the causes of disease, as well as potential therapies, at their basic molecular level. HWI is located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, New York, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI's website at www.hwi.buffalo.edu or call 716-898-8600.
