**FOR RELEASE: Tuesday, June 19, 2007**

## **Hua Li Joins Hauptman-Woodward Medical Research Institute**

Hua Li has joined Hauptman-Woodward Medical Research Institute as a research associate.

Li will be working in Dr. Daniel Gewirth's lab. His primary research focus will be on structural studies of nuclear hormone receptors, an important class of cellular regulatory molecules.

He has a Ph.D. in Preventive Veterinary Medicine with a major in Microbiology and Immunology and a bachelor's in Veterinary Medicine from Beijing Agricultural University.

Li lives in Snyder, New York with his wife and daughter.

### ***About HWI***

With more than 50 years of exceptional scientific research, HWI is an independent, non-profit facility specializing in the area of fundamental biomedical research known as structural biology. Our team of more than 70 staff members is committed to improving human health by studying the causes of diseases, as well as potential therapies, at their basic molecular level. We are located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, New York, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI's website at [www.hwi.buffalo.edu](http://www.hwi.buffalo.edu) or call 716-898-8600.
