*******PHOTO OPPORTUNITY*******

**Future Scientists Present Summer Research to Nobel Laureate, Donors and
Community Members**

Please join us at Hauptman-Woodard for the 2007 Summer Student Presentations.

WHEN: Friday, August 10, 2007 from 10:30 a.m.-1:00 p.m.

WHERE: Hauptman-Woodward Medical Research Institute, Inc.
700 Ellicott Street, Buffalo

WHAT: Tomorrow's scientists present summer research projects.

WHO: A photo opportunity of future scientists- students with WNY roots from prestigious colleges and universities, Buffalo's only Nobel Laureate Herbert A. Hauptman, Erie County Executive Joel Giambra, and other local government leaders.

WHY: -See first hand what steps the bright, young scientists of the future have made on the road to a cure in their summer work.

-Speak to Students who plan to help stop the Buffalo brain drain.

ABOUT HWI

With more than 50 years of exceptional scientific research, HWI is an internationally-renowned independent, non-profit facility specializing in the area of fundamental biomedical research known as structural biology. HWI's team of more than 75 staff members is committed to improving human health by studying the causes of diseases, as well as potential therapies, at their basic molecular level. HWI is located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, New York, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI's website at www.hwi.buffalo.edu or call 716-898-8600.
