FOR RELEASE: Tuesday, March 20, 2007

Melissa Couchman, Support Associate, Joins Hauptman-Woodward

Melissa Couchman has joined the Hauptman-Woodward Medical Research Institute, Inc. (HWI), as a support associate.

She will be responsible for a variety of administrative functions supporting the institute.

Couchman has worked previously at Steven J. Baum, P.C. and prior to that at Phillips, Lytle, LLP.

She received her bachelor's degree in Business Administration from Daemen College and her associates' degree in Business Administration from Erie Community College.

She currently resides in Lancaster, New York with her daughter.

About HWI

With more than 50 years of exceptional crystallographic research, HWI is an independent, non-profit facility specializing in the fundamental biomedical research known as structural biology. Our team of more than 70 staff members is committed to improving human health by studying the cause of disease, as well as potential therapies, at their basic molecular level. We are located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, NY, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI's website at www.hwi.buffalo.edu or call 716-898-8600.
