EMILY C. DOREN JOINS HWI'S BOARD OF DIRECTORS

Emily Constantine-Doren, an Environmental Scientist at Ecology and Environment, Inc., has been elected to the Hauptman-Woodward Medical Institute’s Board of Directors.

Prior to joining Ecology and Environment, Inc., Doren worked as a marine technician for Raytheon Polar Services Company. In that capacity, Doren spent two years on scientific ice breakers in Antarctica providing technical support for National Science Foundation funded research.

Doren is a cum laude graduate of Colgate University, where she received her bachelor’s degree in geology.

Doren and her husband, Jesse, now reside in Elma, New York.

About HWI
With more than 50 years of exceptional scientific research, HWI is an internationally-renowned independent, non-profit facility specializing in the area of fundamental biomedical research known as structural biology. HWI’s team of more than 75 staff members is committed to improving human health by studying the causes of diseases, as well as potential therapies, at their basic molecular level. HWI is located in the heart of the Buffalo Niagara Medical Campus in downtown Buffalo, New York, in a new state-of-the-art structural biology research center at 700 Ellicott Street. For more information, visit HWI’s website at www.hwi.buffalo.edu or call 716-898-8600.
